Installation Instructions

Accessories list

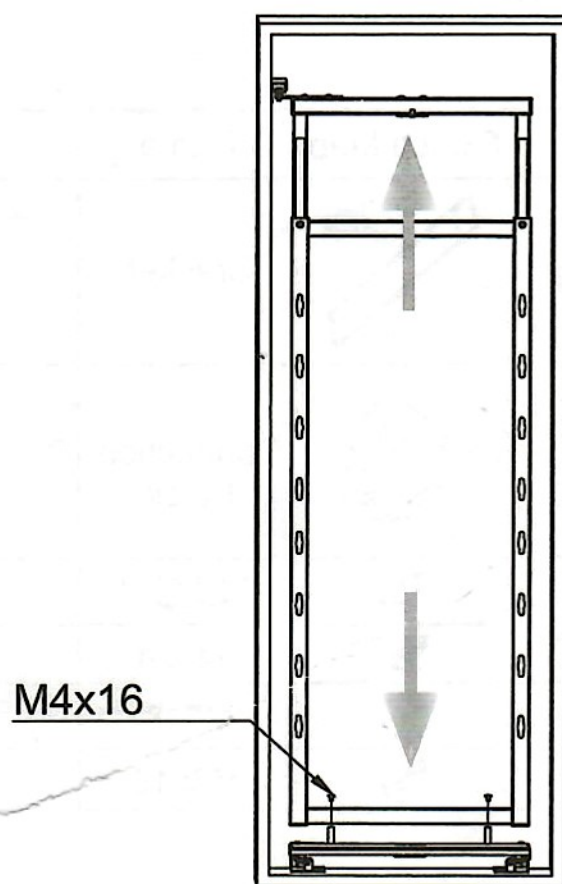

Sketch Map	Name	Qty	Sketch Map	Name	Qty	Sketch Map	Name	Qty
	Small aircraft	1		Base	1		Bracket	1
	Big Basket	4/5/6		Small Basket	4/5/6		Connection Block	2
	Connection bar	2		Strip	2		Self tapping screw	16
						Ø4x24	6	
				U Groove	1		M5x8	2
						M6x16	3	

1. Install the accessories according to the size tips.

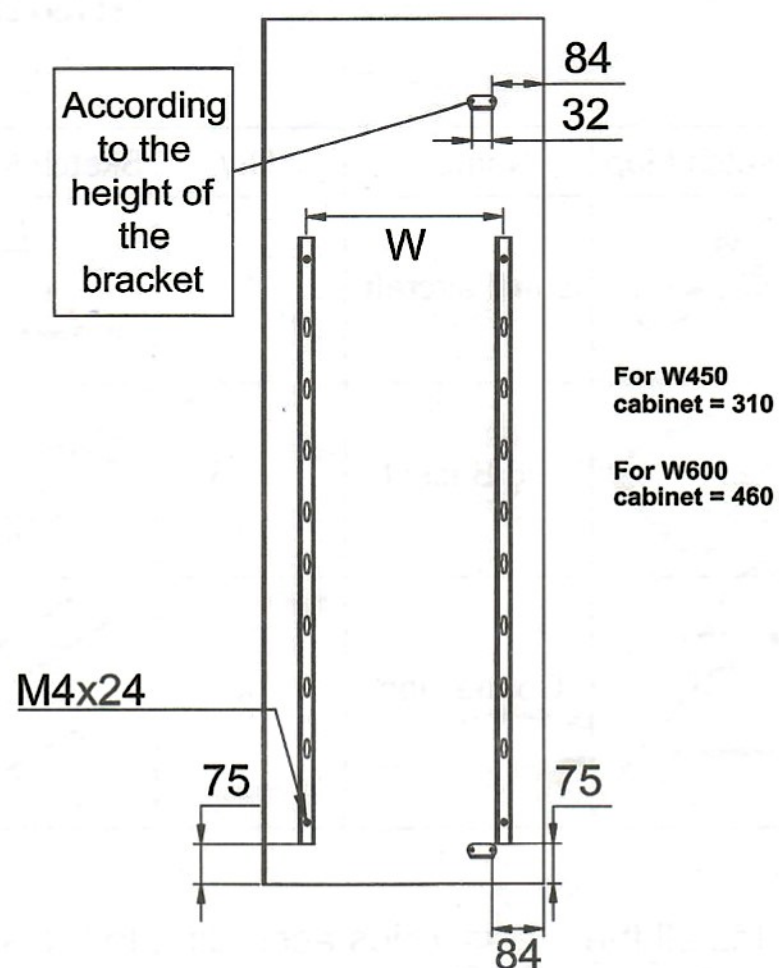

2. Small aircraft is installed above the top of the plant. (the choice of left side or right side can be chosen according to personal use)

3. Insert the frame into slide, screw on it then adjust the position of the top, tighten the screw.

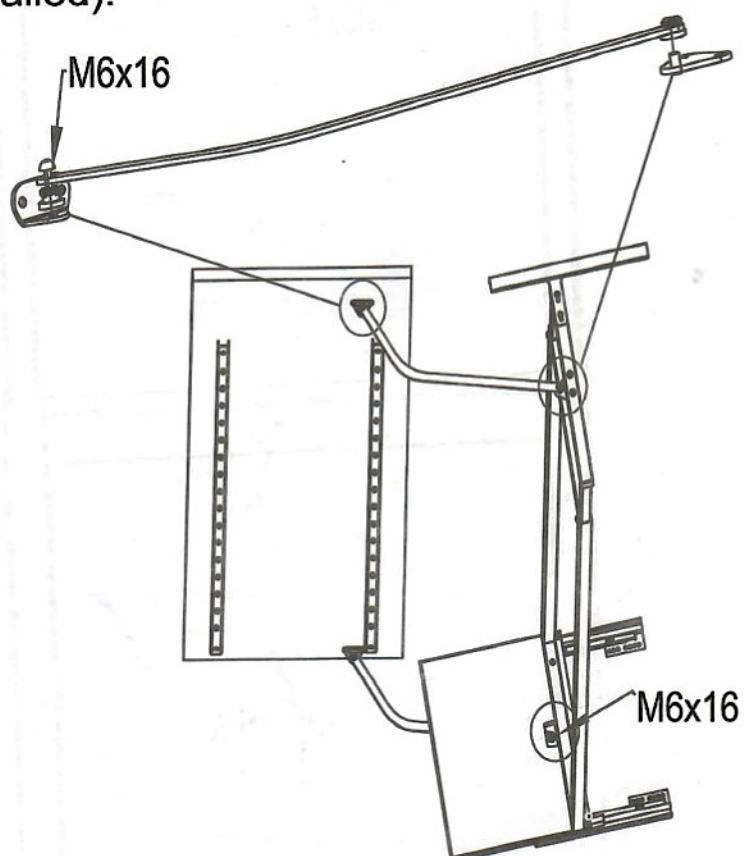

4. Install long strips and links.

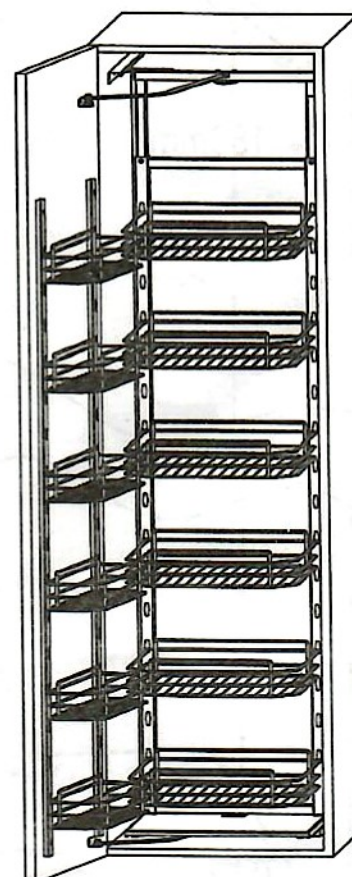

5. Link the door and the scaffold with the link bar.

(Note: if there is a need to change the direction of the door, the connecting bar needs to be split and reinstalled).

6. Hang up the basket and complete the installation.

Note: This product contains small screw parts and plastic bags. Keep kids away.
